

Make sure to put flea and tick prevention on your pup! The

ticks are predicted to be abundant this year so you need to be diligent about doing daily tick checks and giving your dog monthly protection. Talk to your vet about the many choices now out there to combat these problematic pests. They carry many diseases that can effect both dogs and humans.

Once again our neighbor Brick Kiln Farm will support the dog park June 17 by giving part of its proceeds from anything purchased that day! Please help make it the Best Dog Park Day ever at Brick Kiln Farm. Save some of your flower purchases for that day and buy to help the park.

Please join us for our Art in the Park Day, Sunday June 4 at 1 p.m. We will recognize the students who submitted ad

designs for the Dog Park ad in the Enterprise, and the students who created the new signs for the Park along Brick Kiln Road!

**Can you donate 20 minutes once a month?** We are looking for volunteers to join our team of stewards who maintain the dog park by checking the park once or twice a month, sweeping, changing the waste bags, and making sure all the dog poop has been picked up around the park. Day of the month, and time of day are totally flexible each month. Please watch our youtube video to learn more. We are only as good as our volunteers that keep us clean, healthy and safe! copy and paste: <https://www.youtube.com/watch?v=kpEPPb7tbKo>

## "IN-SEASON" for 7th time at FDP

We have geared up for the seventh time since we opened in May 2011 to welcome A LOT of dogs and their people. We have tried to spruce up the park, cleaned benches and the bubblers, made sure the drain is clear and working, and stocked up on mutt mitts and waste station liners. We've even picked up cigarette butts, weeded, and sprayed to keep the poison ivy away from you and your dog.

We are happy to tell you about the improvements at the park this year. Some of the students at Falmouth High School designed and painted our new signs along Brick Kiln Road. We will be working over the next few weeks to tidy up the area below the signs. We will celebrate with those students and their teacher at our Art in the Park Day Sunday, June 4 at 1 p.m. Stop by at that time and let them know how much you like their work. We also thank **Miller Starbuck Construction** for hanging the signs!

We ordered new bubblers because the original ones started to rust. These will be installed sometime this summer when plumber **John Maurer** and concrete expert **Bill Witter** can coordinate their schedules.

We also purchased replacement waste containers as the sea air really caused those to rust as well. Two volunteers spent a morning changing those out and we are hopeful people will only use them for bagged dog poop and not coffee cups or other garbage that should be put in the big container

in the entry area.

Remember that when you give to the park, you help keep the park stocked with mutt mitts, waste station liners, paw safe salt for the winter ice, pay for the grass to be cut and snow to be shoveled, weeds and poison ivy to be removed, buy park insurance, add fresh stones and sand, get the driveway regraded as well as pay for the printing of our newsletters and our signage.

You can do your part by volunteering to be a steward (see youtube video listed in left column), weeding when you see the need, sweep the stones off the sidewalks, and especially by donating annually to help maintain the park.

**AND PLEASE REMEMBER, WHEN YOU ARE AT THE PARK, TALKING ON THE PHONE IS NO EXCUSE FOR NOT SUPERVISING YOUR DOG.**
